An insightful guide to elixirs, libations, potations and curiosities. These are offered for the purpose of enlightening one's taste buds and enhancing one's experience - one's enjoyment - all while being imbibed responsibly. We invite you to walk with us through our tapestry and to find equilibrium in all forms, and utilizing all lessons of enlightenment, to awaken the knowledge that lies within utilizing our true guidance in perfect harmony and true balance.

Cocktails are modern day alchemy, furthermore, we look at them as art - our art. We take pride in using precise techniques, fresh fruit and juices, home - made syrups, liqueurs, ditters, tinctures and infusions.

We come to this place in space and time to share our teachings and we want you to be part of this intricate balance of guidance and knowledge, utilizing the teachings and guidance of the stars, which is represented with our star guides that connect and guide each section.

This is a journey of balance, unity in the universe, our experience unfolds full circle and we have been diverse in our offering: This compendium is not just a guide consisting of delightful drinks of a mixed nature, but also of beer, spirits, aperitifs and drinks entirely free of alcohol.
